Subject: Final Revised Cr EPA Presentation with Notes - RE: Follow up for tomorrow - housekeeping matter | RE: meeting Oct 8 - Agenda and Participants

Hi Kris:

I thought I had sent you the final revised pdf file from our meeting, along with the annotations.

Please see it attached. If you have any questions in the meantime, please let me know. If you have a date by which the minutes will be done and posted, would also appreciate it.

Enjoy your weekend.

Best regards,

Christian

Hi Kris, hope you enjoyed Monday off. We were able to take a little time as well. It's certainly the best bicycling weather, and it's helpful to find those moments that are good for us during these challenging times.

Thanks for the update on the minutes. I wanted to let you know that we found one minor error in one of the presentation slides. It's not a technical error, it's a chart labeling nomenclature error on the slide (#38) that references the RfDs generated by authoritative bodies and the recent Thompson, et al. paper.

Might I send a replacement copy before you put up the slide deck on the IRIS meetings webpage?

Just let me know and I'll send a proper link or attachment.

Best regards,

Christian

Thanks Christian!

We should be circulating the summary minutes soon.

Hope you had a good weekend, yesterday was a Federal holiday for us. - kris

Hi Kris:

Thanks again for the discussion today and making arrangements for the presentation.

To ensure you have the full presentation with text annotations below key slides, please see attached for posting on the website or dissemination. I believe you have the same version but just confirming.

Let me know in meantime if there are any immediate pending questions or observations of importance.

Best regards,

Christian

Sounds good, Kris. Will send over the deck mid-morning. Dr. Thompson was making some final refinements.

Will look forward to connecting for the 11 am meeting.

Trust things continue to be well your way.

Best regards,

Christian

Good morning Christian,

I think we are good on logistics. We will be taking notes and posting a summary of the meeting here:
<https://cfpub.epa.gov/ncea/iris2/events.cfm#stakeholderMeetings>

I'll can have the meeting invite updated with slides if you want to send them over.

Hi Kris:

Just wanted to follow up on housekeeping matter for tomorrow. We'll be accessing the meeting via the Microsoft Teams link you sent along earlier.

We can send over the presentation tomorrow morning to you for your and your team to arrange to upload for presentation and then hand over control to Dr. Chad Thompson, or we can have it ready to upload if Chad is able to be given presenter status.

It may be safer to send your way in the morning to avoid any difficulty.

I planned to kick off the discussion briefly and thank you as we have introductions once you've opened things for EPA, and then hand off to Dr. Thompson. Will anyone else be speaking in the introductory segment from the agency?

Do you need anything else that would require us to connect by phone in the meantime?

Again, greatly appreciate it.

Best regards,

Christian

Subject: RE: meeting Oct 8 - Agenda and Participants

Hello Kris:

Thanks again for sending along the EPA participant list. I've included below our suggested agenda and industry stakeholder participant list for the meeting next week. Happy to connect further in the meantime on outstanding questions and issues.

On related housekeeping matters, I have forwarded along to my colleagues the EPA Microsoft Teams dialing information you sent along from ORD. Just let me know if there are any changes to access the meeting. Also, we will have a ppt presentation that we are finalizing next week that we can share from our end or send over the morning of the meeting for your team to share from your end. Whatever is easiest your way.

AGENDA

EPA IRIS Meeting with Hexavalent Chromium Panel
October 8, 2020

1. Introductions
2. Recent Developments since 2016 Meeting
3. Cr(VI) Research Project Update – New Studies in Progress
4. Mode of Action Research to Date – Summary of the Science and Essential Conclusions
5. Authoritative Bodies – Decisions on Toxicity Values
6. Remaining Issues – Systematic Review, Schedule, et al.

Participants

Dr. Chad Thompson, ToxStrategies
Dr. Daniele Wikoff, ToxStrategies
Dr. Mark Harris, ToxStrategies
Eileen Conneely, American Chemistry Council
Christian Richter, The Policy Group

Look forward to our discussion.

Best regards,

Christian

Hi Kris:

Thanks very much. Apologies for the delay – will have agenda and participant list over to you later this afternoon.

If you need anything else please let me know.

Appreciate it.

Best regards,

Christian
